SIDE HINGED
GARAGE DOORS

Bespoke insulated steel garage doors with matching front entrance doors and entrance gates

RYTERNA

The best option
RYTERNA

One-stop comprehensive solutions.
A wide range of product portfolio: garage, industrial, high-speed doors, front doors, gates and fences. Comprehensive and matching solutions from one manufacturer.

Door durability.
Extra thick panel tin skin on the outside and inside: 0.5 mm on embossed smooth, 0.7 mm on Slick design panels. Durable and more secure garage doors have longer service life.

Sealing options.
All-round perimeter soft rubber sealing to prevent droughts.

Versatile colour options.
We can paint in almost all RAL, NCS, and BS colours. A wide range of colour choices will fulfil the highest design requirements.

Custom sizes.
All products are made-to-order for fast and precise installation without additional costs for cutting or adjusting on site.

Ergonomic packing.
Our ergonomic packing allows for easy door handling and transportation without requiring specialised lifting equipment in the warehouse and on the installation site.

Traditional

This is our timeless classic design door.
This elegant door offers a perfect blend of tradition and modernity. Doors are made to enhance your home's beauty while providing exceptional functionality.
Double-glazed panels can come in three different designs plain, 'cross', or BS. Choose clear, matt, obscure, or tinted glazing to suit your privacy and aesthetic preferences. Acrylic scratch-proof glazing is a standard, but optional safety glass is also available.
Along with the almost endless colour options, you can get a perfect match between the garage door and the surrounding setting.

Modern

Our Modern design door combines modest luxury with exceptional functionality and performance.
Elegant Vertical Layout gives a sleek and contemporary look.
Slim Glazed Panels with different glazing options let the natural light inside while maintaining privacy.
Brushed stainless steel pull handles are a perfect addition to enhance your kerb appeal.

Retro

Put a touch of 'good old' days for your home.
The timeless design resembles the old fortress or castle door.
Plenty of design elements are available to get the precise look you desire.

Decor elements

Stainless metal decals give exceptional accents to your door. You can turn a standard appearance door into something individual.
We offer a wide range of standardised designs along with the possibility to create your own. Playing with the combination of brushed stainless steel handles, stainless steel windows and metal decals you can get staggering kerb appeal.

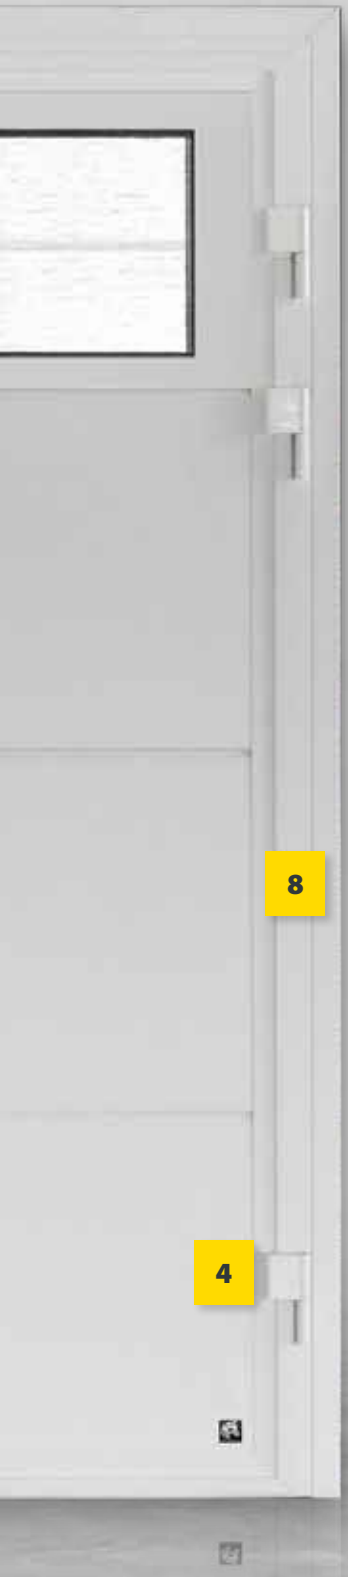
1

Frame mouldings: this option allows the door to be fitted flush with the front wall, hiding any small gaps or crumbled brickwork. Same colour as the frame. On the left side: frame with moulding; on the right: without moulding.

GarageDoorsOnline Sales 01926 463 888 garagedoorsonline.co.uk



2

The first door leaf can be left-hand or right-hand swing. The door split can be 50/50, 30/70, or any other reasonable proportion. Maximum leaf width: 1.5 metres.

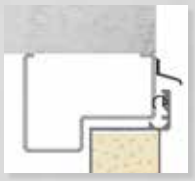
3

As standard, a one-point lock is provided. For higher security, 3-point or Assa-Modular locks are available as options. All locks come with 5 keys.

4

Adjustable aluminium alloy hinges with bearings. Standard colours: white, black, and silver.

5

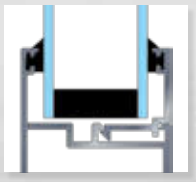


The canopy profile diverts rainwater from penetrating between the frame and the leaf.

6

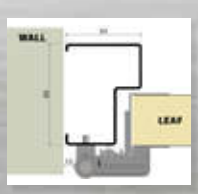
Improved C-shaped soft rubber sealing around the entire perimeter and between the leaves.

7



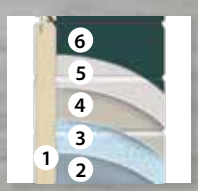
Scratch-proof, energy-efficient double glazing with acrylic glass.

8



Rebated, zinc-coated, robust, and maintenance-free steel frame. Painted the same colour as the door, or a different colour if specified.

9



Energy-efficient insulated door panels with a double steel skin filled with freon-free PU foam: 1 - 40 mm thick foam; 2 - steel; 3 - zinc; 4 - primer; 5 - finish coating; 6 - colour.

1

Clear, scratch-proof, matt, or obscure glazing. An internal cross can be added. Frames powder-coated door or different colour.

GarageDoorsOnline Sales 01926 463 888 garagedoorsonline.co.uk

2-3

Optional espagnolette lock to keep the second leaf in the closed position.

4

Designed to make opening the second door leaf effortless. Standard option: integrated two shoot bolts on the second leaf.

5

Key cylinder with thumb-turn. Convenient option for quick door locking from the inside without a key.

6

Heavy-duty door stays hold the door leaf in the open position. Easy to lock and release. Safe to use, even on windy days.

7

Adjustable leaf opening angle from 90 to 140 degrees.

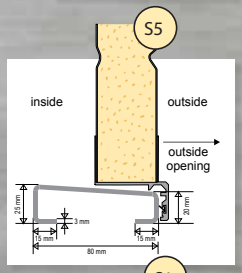
8

4 hinge bolts. Increased burglar resistance.

9

Stainless steel cover for the S5 threshold. Enhances the appearance of side hinged doors and protects the threshold paint from wearing off.

10



Standard S5 sloping threshold made from zinc-coated steel profile. Optional: stainless steel plated. S1 and S4 thresholds are also available. A 30 mm raised threshold is available.

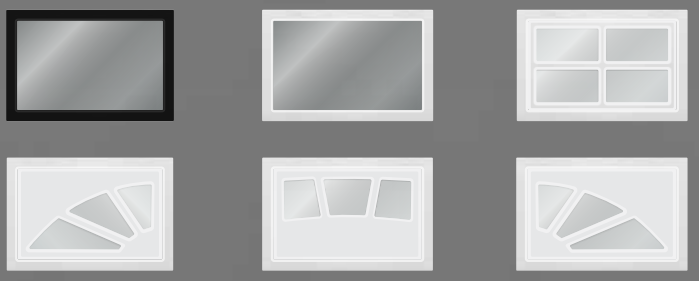
Glazed panels

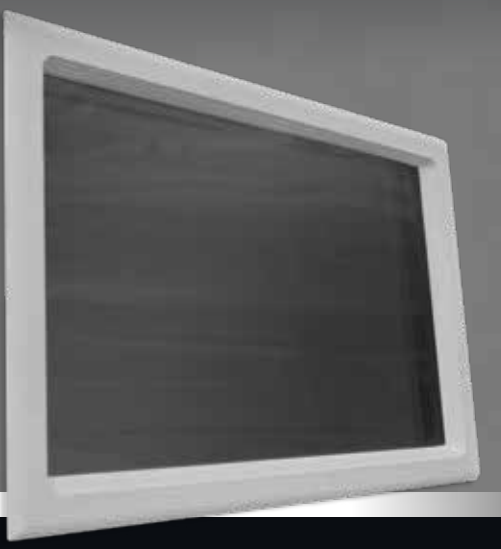
Glazed panels are powder-coated in a matching colour. Acrylic double-glazed windows can be clear, matt, obscure or tinted. We offer glazed panels with safety glass double glazing as well.

Clear | Matt | Obscure | Tinted

UPVC windows

UPVC windows are the cost-wise solution if you want daylight inside the garage or simply uplift the appearance of the garage door. Acrylic double glazing can be plain or with deco inserts.





Stainless steel windows

3 different shapes and 7 sizes of stainless steel windows will meet the most demanding design requirements. Square windows can be placed in a diamond shape and oblong windows - horizontally or vertically according to door layout.

Thermo

Thermo side-hinged garage door with improved thermal insulation. Due to the frame and profiles with a thermal break, this type of door is a perfect solution for garages converted into hobby spaces, workshops, utility rooms, etc.
We offer four door main design options:
S+FV - with safety glass double-glazed panel and aluminium sheet 'sandwich' type infill,
S - with aluminium sheet 'sandwich' type infill,
P+FV - with safety glass double-glazed panel and 'Slick' design panel infill,
P - 'Slick' design panel infill.

Totally bespoke Ryterna insulated side hinged garage doors

Ryterna side hinged garage doors are the totally bespoke choice in the GarageDoorsOnline range. Every door is made to order for your opening, with your choice of panel design, layout, surface, glazing, handles, locking and decor, painted in almost any RAL, NCS or BS colour. The insulated steel panels have a double steel skin filled with 40mm of PU foam, and the Thermo version adds a thermally broken frame for garages used as workshops, hobby rooms or utility spaces.

For a fully coordinated home, Ryterna can also make a **matching front entrance door** and **matching aluminium entrance gates and fencing** in the same design, colour and accents. Our team specifies the whole set with you, so your garage door, front door and gates arrive as one considered design.

Made to order

Built to your opening sizes, with leaf widths up to 1500mm and any sensible split.

Almost any colour

RAL, NCS and BS colours, with frame and leaves in the same or different colours.

Matching front doors

Aluminium front entrance doors such as the RD80 in the same design.

Matching gates

Aluminium entrance gates and fences to complete the look.

How to order. Send us your opening width and height, plus the design and colour you like from this brochure. We will check the specification with you and prepare a quotation and drawings before you order.

GDO Classic and Icon

Single skin steel. Classic in standard and purpose made sizes, Icon made to measure and braced in an aluminium frame.

GDO Pro 20 and Pro 51

Made to measure insulated steel doors in 32 colours, with matching pedestrian doors. Pro 51 gives the highest insulation in the GDO range.

GDO 40mm Reigate and Streatham

40mm insulated doorsets in 20 standard sizes, in White, Black or Anthracite, delivered factory assembled.

CarTeck insulated steel

40mm insulated doors. CarTeck 40mm Luxe is made to measure up to 3500mm wide, our largest side hinged doors.

Hörmann NT60

Premium aluminium framed doors with a 42mm PU foamed steel infill and matching NT60 pedestrian doors.

Garador and Cedar timber

Garador steel, GRP and timber doors with matching side doors, plus Western Red Cedar doors in 14 made to measure designs.

GARAGEDOORSONLINE

National UK specialist garage door supplier. Delivery throughout the UK, with help arranging installation in most areas, and trade supply for garage door companies.
