

Automation

It's not anyone's idea of fun to battle the elements on a dark, stormy winter's night, grappling with the keys to open your garage door. Imagine arriving home and at the simple touch of a button, driving straight into your garage without having to leave the comfort of your car. Our range of electric door operators can bring you this touch of luxury at a surprisingly low cost. Choosing to fit one of our operators won't change your life, but it will make it just a little bit more comfortable.

GaraMatic operators and Garador garage doors are a tried and tested unit hardware, perfectly matched and prepared for easy installation.

For your safety all GaraMatic operators comply with the latest European standards (BS 13241) including automatic reversal and self-monitoring closing forces. Security is provided by the integral anti-burglar device preventing the door from forced unauthorized entry.

Two hand transmitters as standard ✓

5 button hand transmitter

2 button hand transmitter

All Garador operators come with a comprehensive 5 year warranty.

Arrive home safely, securely ... and in style

GaraMatic 10 and 20 comes complete with a 5 button and 2 button hand transmitter

- Integral light
- Streamlined plastic cover

Peak force:

GaraMatic 9: 750 N

BS 13241 Compliant

The combination of Garador garage doors with GaraMatic operators complies with the latest European safety standards.

Accessories

Hand transmitters are the most common and very convenient controls. Transferring your operator's code to additional hand transmitters is easy.

5 button hand transmitter

2 button hand transmitter

4 button hand transmitter

1 button hand transmitter

Designer key ring that doubles as a hand transmitter for that added piece of style.

Designer Aluminium 2-channel transmitter

Designer Chrome 2-channel transmitter

Transmitter for cigarette lighter (1-channel)

Transmitter for cigarette lighter (2-channel)

Garador's choice of operator accessories allows for multiple uses

Wall consoles and push buttons are extremely practical if you want to operate the door and control different functions from a fixed location without the use of a hand transmitter.
