

Garador FrontGuard Doors Price List

July 2009

FrontGuard Product Description

FrontGuard Steel Door leaf FGS

Door leaf: steel door leaf with foam filled core and thermal break, exterior and interior overlapping the leaf, 46 mm thick, in classic and contemporary designs. Standard polyester primer coating White (RAL 9016) in a silk finish (inside and out).

All stock door leaves are prepared to accept a letter plate. (Blank leaves are available as factory order with extended delivery lead-time).

FrontGuard Aluminium Door leaf FGA

Door leaf: aluminium door leaf with foam filled core and thermal break, exterior and interior overlapping the leaf, 47 mm thick, in modern designs. White paint (RAL 9016) in a silk finish (inside and out) as standard.

Features

Colours:	White (RAL 9016) as standard. Optional colours available: White aluminium (RAL 9006), Terra brown (RAL 8028), Clay brown (RAL 8003), Ochre brown (RAL 8001), Window grey (RAL 7040), Light grey (RAL 7035), Stone grey (RAL 7016), Anthracite grey (RAL 7016), Fir green (RAL 6009), Moss green (RAL 6005), Pigeon blue (RAL 5014), Steel blue (RAL 5011), Sapphire blue (RAL 5003), Ruby red (RAL 3003), Light ivory (RAL 1015). Titan Metallic foil-coated surface finish available for model FGS 010 if ordered with aluminium roundstyle frame. Decograin® foil-coated Golden Oak surface finish available for models FGS 010, FGS020 and FGS 030 if ordered with aluminium roundstyle frame.
Seals:	4-sided double, black EPDM seals. Continuous lip seal at the bottom, extra seals in bottom corners. Brush seal in the frame.
Locks & bolts:	8-point locking on both steel and aluminium doors as standard. Steel door comes with 4 adjustable roller pivots, a deadbolt lock and 3 security bolts on the hinge side. Aluminium door comes with 2 conical swing bolts, 2 security bolts, one deadbolt and 3 security bolts on the hinge side.
Drip angle:	Standard on all doors and comes in a colour matching the door leaf. Invisible fastening and plastic cover cap at each end.
Hinges:	Steel doors: three 2-piece, 3-way adjustable maintenance free hinges with cover caps in White on standard doors. Aluminium doors: two 2-piece, 3-way adjustable maintenance free aluminium hinges for all white doors. Hinge caps colour is the same as door leaf for coloured doors.
Handles:	Lever/lever handle in gold or silver to choose as standard. Optional 'Secured by Design' handle sets and lever/knob handle sets also available as an option. Contemporary steel and modern aluminium designs except FGS010 all have fixed bar handles on the outside and therefore a key is required to open these doors from the outside at all times.
Profile cylinder and keys:	Cylinder length 27.5 x 35.5 mm, 5 key supplied as standard, 8 or 10 keys available as an option
Door frames:	Timber frame with aluminium/plastic threshold, with thermal break, colour matching the door leaf, standard on steel doors. Aluminium roundstyle frame with aluminium/plastic threshold, with thermal break, colour matching the door leaf, standard on aluminium doors, optional on steel doors.
Windows:	Steel doors: Double pane insulated safety glass, 24 mm thick with Mastercarre design, matt finish. Roundstyle plastic frame, bonded, for styles FGS 020, FGS 030. Profile style plastic clipped, with or without surface-mounted plastic rails for styles FGS 200, FGS 210, FGS 300, FGS 310, FGS 400, FGS 410. Aluminium doors: Triple pane insulated safety glass, 46 mm thick, sand-blasted with matt finish/clear stripes for FGA 700, FGA 800, FGA 900. Frames in stainless steel, bonded.
