A matching side door for every garage door

Design a side entrance to match your garage door. On request, side doors are also available in the same ribbing or panel division as your sectional door.

Single-leaf/double-leaf garage side doors

For further information, see pages 80/81 or contact your Hörmann partner.

Lever handle set

Choose between the standard lever handle or many optional lever handle or lever / knob handle sets (Fig: stainless steel lever handle set).

Your Hörmann partner would be pleased to advise you.

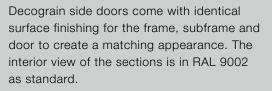

2 Matching

Break-in-resistant

The optional 3-point locking for profile type 2 is equipped with a latch, bolt, 2 locking hooks and security rose escutcheon. The double-leaf side door* with 3-point locking fulfils break-in resistance class RC 2.

Insulated version

TopComfort NT80-2 available with door leaf with thermal break, frame and threshold.

MZ Thermo multi-purpose door

If you highly value good thermal insulation, an MZ Thermo external door with thermal break is the best choice for you. It has an excellent thermal insulation value of 1.2 W/(m²·K). An RC 2 version is optionally available (KSI Thermo).

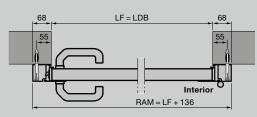

More information can be found in the Function Doors for Your Home brochure.
