Awnings & Patio Roofs

Lakeland

Awnings & Patio Roofs

Welcome to the Lakeland Awnings and Patio Roofs range

All weather solutions for outdoor living.

Combining beautiful design and functionality, the Lakeland range of awnings and patio roof systems has been designed and developed to provide a versatile weather solution, whatever the application.

Whether you want to make the most of your garden or patio at home or provide shelter for your customers whilst they dine outside your restaurant – our versatile range of awnings and permanent Piazza roofing systems are the perfect choice.

Lakeland Awnings

Designed and manufactured in the UK and Europe our range of 5 retractable awnings are suitable for a variety of applications. Built to the highest standard and with a wide choice of fabrics, our awnings are designed to perfectly complement your business and lifestyle. Full peace of mind is guaranteed with all Lakeland products being CE approved and load tested for wind and water. Lakeland motorised awnings include a motor which is covered by a comprehensive five year guarantee.

Piazza Roofs

Providing permanent shelter from the elements, our range of Piazza Roofs can be used for a wide range of applications, both commercial and residential. Constructed of extruded aluminium and durable polycarbonate, all of our roofing systems are built to order and arrive ready to assemble.

Ideal for a variety of situations:

- ✓ Patio Awnings and Piazza Roofs for the home
- ✓ Piazza Patio Roof for a more permanent garden shading solution
- ✓ The Piazza Carport for the conscientious car-owner
- ✓ Sun awnings for schools and playgroups
- ✓ Commercial awnings and covers for pubs, cafes, shops and restaurants

"We want our outdoor space to be more useable for longer."

At Home

Lakeland
Awnings

Add value and aesthetics to your home.

Make the most of outdoor living with a stylish awning offering shade and shelter from the sun. Available in a variety of designs and fabrics, you can choose an awning that complements your home perfectly.

Retractable patio awnings not only provide shade from the sun but also add a distinct look to your home's exterior. With motorised awnings creating an unobstructed shaded area they are the ultimate in convenience, with classic simplicity and beauty.

The Lakeland Awnings collection consists of five models covering a range of prices allowing you to choose the model best suited to your home and budget. With a Lakeland awning, your outdoor space becomes an extension of the indoors.

Children can play safely with protection from the sun's harmful rays, you can enjoy entertaining in a cool shaded area that will be the talk of the party or simply enjoy sitting back and having a relaxing moment or two to yourself while the world goes on around you.

Extend the days and seasons

Increase the length of time that you are able to stay outdoors with one of our retractable awnings or permanent roofs. Then extend that even further with accessories such as lighting and heating to help keep you comfortable outside for longer no matter what the weather throughout the year, day or night.

Sun and wind sensors allow you to automatically make the most of your awning, ensuring your special place stays just as you need it without you having to give it a second thought.

Awnings at home

- ✓ Bring the indoors outdoors
- ✓ Provides a safe environment for children to play
- ✓ Relax and enjoy the great outdoors
- ✓ Stylish addition to any home
- ✓ Sun protection at the touch of a button

Keep your customers
coming back

*"We want to stand
out from the crowd."*

Retail

Lakeland
Awnings

Extend your reach with a Lakeland Awning.

The high street is packed with shops trying to grab the attention of busy shoppers. Make sure you stand out from the crowd with a Lakeland Awning. Available with a choice of high quality fabrics and with the option of custom printing and colours, we're confident that you'll find a Lakeland Awning which matches and enhances your brand. Our Grasmere and Windermere awnings are available with high performance PVC fabrics which are ideal for commercial use.

Not only does a Lakeland Awning provide an attractive façade for your window display, you can also be safe in the knowledge that any products displayed will be protected from the sun. Fresh produce remains cool and looks enticing, fabrics can be placed into a window without fear of fading and with sun protection at your window, your premises is a more comfortable place to work and shop on the inside too.

For retailers lucky enough to have outdoor space a Lakeland Awning gives you a great opportunity to bring the indoors outdoors. Allowing customers to browse as they pass by gives you a unique opportunity to take advantage of impulse buys and means every passer by becomes a potential customer as they happily take in your products as they pass.

Retailer choice

- ✓ Show case your products
- ✓ Make a statement with an awning promoting your business with our printed options
- ✓ Allows for easy use of outdoor space
- ✓ Protect window displays from the sun
- ✓ Create a cool and comfortable ambience inside and out

"Make a profit on outdoor space."

Bars and Restaurants

Lakeland
Awnings

Create the perfect place to eat, drink and relax.

A shading solution from Lakeland Awnings can help you to create the perfect outside space. Built to last our range of awnings will enable you to turn unused outside areas into pleasant, profitable spaces. With a wide choice of fabrics and the opportunity for special printing with your company colours and logo you'll be sure to find a solution for your outside area, whilst creating an eye catching advertising space.

Protect your customers from the sun and maximise the earnings potential of your premises by bringing your indoor offering outdoors. Not many people can resist the opportunity to let someone else look after them for a while as they relax and watch the world go by. Create the perfect ambience for enjoyment outside under a Lakeland Awning.

Make the outdoors your feature

From coffee at sunrise to cocktails at sunset extend the length of time you are able to make use of your outdoor space with a retractable awning. The possibilities for using the space are endless. Accessories such as lighting and heaters allow you to extend the time your outdoor space is used even further.

Making use of extra space means creating those all important extra covers but without the outlay of a refurbishment and extra covers means extra profit. Not forgetting customers making a beeline for your premises to enjoy alfresco dining on those sunny days.

Hospitality choice

- ✓ Accessories and sensors to make the most of the weather
- ✓ Lets customers enjoy eating and drinking alfresco
- ✓ Extra covers
- ✓ Opportunities from sunrise to sunset
- ✓ Branded with your corporate colours and logo

Perfect playtime protection

"This is not only a valuable asset to the school but has opened up so many opportunities to the children to explore education outside the classroom."

Schools and Play Groups

Lakeland 
Awnings

Making outdoor play and learning safer on younger skin.

Turn outside areas into pleasant places to sit, play and learn with intelligent retractable awnings. Making the most of outdoor play and learning in a safe environment is second nature at Lakeland Awnings. Our tried and tested shading solutions have undergone numerous tests to ensure they offer maximum protection for younger skin.

A shading solution from Lakeland Awnings will create limitless opportunities for learning and play around the school grounds. The sun's rays can be deceptive as even on overcast days UV rays can have harmful effects on the skin. Lakeland Awnings shading solutions will provide you with peace of mind that children's skin is continually protected allowing you to concentrate on developing outdoor activities for learning and fun.

This sun awning technology is perfect to help protect the children in their outdoor play whatever the time of year and weather. The sun sensor is a particular advantage as it will adjust the retractable awning offering protection from the summer sun. Alternatively on a cold winters day there is the heating element of this package that will keep the children warm under the awning.

Education choice

- ✓ Encourage outdoor play
- ✓ Protect young skin from the harmful effects of the sun
- ✓ A stylish and practical addition to the playground
- ✓ Sun and wind sensors allow for automated shading at the touch of a button

5 year guarantee

All Lakeland Awnings motors are covered by a comprehensive 5 year guarantee.

Lakeland Awnings are extensively tested to comply with EN standard 13561:2008. Each awning is carefully checked, CE marked and packaged. Installation is quick and easy, taking a matter of hours and will be carried out by a trained and approved installer.

UV Tested

Our fabrics have a UV rating of at least 90% (and 99% UVB radiation), regardless of the colour so you can enjoy the sun safe in the knowledge that your Lakeland Awning offers you shade and sun protection.

Fabrics and Finishes

Create the perfect look for your patio awning.

The design of your awning can really transform the look and feel of your outside space and so it's important to take time choosing from our stunning range of fabrics.

When choosing from the extensive range of fabrics you should consider the atmosphere you wish to create with your new sun awning. Patio canopies in yellow and orange tones create a warming environment whereas blue and greens will set a cooling, calming tone. Choose from plain colours, block stripes and special designs to create the perfect look. For commercial applications ask about our specialist printing services to create an eye catching advertisement for your premises.

Our UK manufactured awnings Windermere and Grasmere are also available with a high performance PVC fabric ideal for commercial applications.

Even more choice

With many more fabric designs available, make sure you ask your distributor for a fabric swatch book to see the full range of fabric styles, colours and patterns on offer.

Quality assurance

All our motorised awnings are fitted with a motor as standard which comes with a comprehensive five year warranty. Both the Lakeland Awnings and Piazza Patio Roofs are protected with a two year guarantee to ensure your Lakeland product provides years of protection and enjoyment.

Choose from 3 valance options

Available with wavy, straight or no valance option.

Wavy

Straight

No Valance

Stunning Fabrics

100s of fabrics to choose from

We have chosen the Giovanardi and Dickson range of fabrics, which are woven from 100% dyed-in-the-mass acrylic fibres, giving exceptional colour fastness against strong sunlight and weather. The fabric is also treated, ensuring complete resistance to water, dirt, oil, grease, algae and mould. This all simply means that the fabric of your awning will be more resistant to fading and deterioration.

Important Notes on Colour

The printing process does not allow exact reproduction of the paint and fabric colours. If you are unsure of your colour choice please ask your supplier for a sample. Colour references quoted are the nearest standard RAL or BS references to the colours used. They will not be an exact match and are intended as a guide only.

Options and Accessories

The Standard Range

Choose from our standard range of accessories to make sure you get the most from your awning.

Enjoy after dark

Don't let those cool, autumn evenings get in the way of enjoying your awning at night:

Integrated Patio Heaters

It doesn't matter if it's on the chilly side – simply turn on the heater and make the most of the great outdoors.

Integrated Lighting

Eat outside even when it gets dark... just use your remote to activate the awning lighting or the garden lighting.

Sun & Wind Sensors

The **Sunis Sensor RTS** is a solar powered autonomous sun sensor that automatically controls your Somfy RTS powered awning, providing automatic sun protection.

The **Soliris Sensor RTS** is a mains powered sensor that extends or retracts your awning as the sun come out or goes in, with priority to retracting them when wind speeds exceed a preset value, preventing wind damage (such as the fabric ripping) in strong winds.

The **Eolis 3D WireFree Sensor** battery powered wind sensor detects vibrations from high winds and automatically retracts your patio awning to protect the fabric, mechanism and your property, even in your absence.

Wireless Handsets

3 specially designed hand transmitters designed to let you control your awning and additional remote control accessories:

The **Telis Patio RTS** is a single channel, battery powered remote that allows you to control both your awning and associated solar functions of your sun accessories.

The **Telis 1 RTS** is a battery powered, single channel radio handset allowing you to control, raise, lower and stop your awning as well as saving your favourite position for one-button positioning.

The **Telis Soliris 4** is a single channel radio handset with a sun sensor over-ride function. Raise, lower and stop functions, as well as the 'my favourite position' function.

Accessory packages

Ask about our accessory packages to make the most of your awning:

- ✓ **Lakeland Family:** Robust and protective – a package perfect for family life
- ✓ **Lakeland Deluxe:** Ultimate Style – Create the perfect place to entertain
- ✓ **Lakeland Home:** Protect soft furnishings and provide shade inside and out

elero

The Elero Range

Choose from our Elero range of accessories to get that little bit extra from your awning.

Sun & Wind Sensors

The **Lumero 868** is an external solar powered sun sensor with wireless technology to operate any elero radio receiver.

The **Aero 868** is a Solar powered sun and wind sensor that automatically controls your awning providing sun protection and, preventing any damage during strong winds. The beauty of being solar powered makes it a very simple operation to move to different location optimising the level of protection.

The **Ventero 868** is a solar powered wind only sensor retracting your awning in strong winds preventing any damage if the wind speed is exceeded. It is easy to re-locate having zero wires.

The **Sensero 868** is a mains powered sun and wind sensor with optional rain sensor providing the same automatic sun protection and retracting the awning in strong winds.

The **Protero 868** is a battery operated wind sensor detecting vibration and any changes in pitch due to excessive water or wind retracting the awning preventing any damage.

Wireless Handsets

A choice of 5 specially designed hand transmitters in a choice of 3 different colours designed to let you take control of your awning. Additional remote control accessories for lighting and heaters are also available.

Monotel2 is a single channel, battery operated transmitter to control your wireless awnings, lights or heater receiver from elero.

Variotel2 is a 5 channel and 1 group channel transmitter offering individual and group control of several devices. Auto and manual function for sun sensor override.

Lumerotel2 is a single channel transmitter with auto/man options to be used when automatic sun sensor function needs overriding.

The **MultiTel2** has 15 individual channels, 2 sub and 1 master group channel. Executed commands are visualized using easily understandable display symbols and an LED display.

The **Tempotel2** has 10 individual channels, 2 sub and 1 master channel with 7 day Astro timer.

About Elero

The elero success began in 1964 when elero invented the tubular motor.

Today, elero is one of largest manufacturer of tubular motors and controls for sun protection systems in the world. At international level, elero motors are manufactured in Germany and more than 450 people are employed world wide.

Product Range

Windermere

Solid, stylish design ideal for large spaces

The Windermere is the flag ship of the Lakeland Awning range. A compact and attractive olive style casing allows the awning to be discreet when closed, whilst still allowing an awning of up to 6000 mm wide. The perfect awning for entertaining parties large and small.

Grasmere

The uniquely adjustable and totally versatile awning

The Grasmere, is a new type of awning with a compact design and unique adjusting possibilities. Made from aluminium this awning can be fitted in almost any application and can be mounted to both walls and ceilings. The use of solid folding arms ensures maximum free movement under the awning.

Derwent

Robust design, perfect for large spaces

The Derwent's robust design and solid construction results in long-lasting durability. This awning offers ultimate style and engineering and is ideal for frequent or prolonged use. With a maximum width of 7500 mm, this is ideal for making the most of large outdoor spaces.

Coniston

Perfect for creating the contemporary outside living space

The Coniston, with a unique design and olive shaped end-caps is at the forefront of awning development. A step away from traditional awning design, this creates a defined, modern space with an 'alfresco' atmosphere.

Ennerdale

The timeless design that's a real classic

The Ennerdale is a classic in awning design. The discreet cassette shape ensures that the Ennerdale sits neatly on the façade. This is an ideal choice for those looking for a more traditional design.

Fully enclosed cassette

For ultimate durability on our awnings, all moving parts are protected when closed.

Extensively tested

All awnings are CE marked and comply with EN standard 13561:2008 for outdoor awnings. They have been tested for durability, wind loading and water loading.

All our motorised awnings are fitted with a motor as standard which comes with a comprehensive five year warranty.

Lakeland Piazza

The Piazza Patio Roof offers the perfect permanent all weather solution.

Made from extruded aluminium and durable polycarbonate, the Piazza Patio Roof is made to measure and arrives ready to assemble. Construction is simple taking no more than 1-2 days by our fully trained, qualified professionals.

Residential, Commercial and Education Applications

The Piazza Patio Roof suits a variety of applications, including patio and garden covers for the home and outside dining or smoking shelters for bars, cafes and restaurants. The permanent roof system is also an ideal all weather solution for nurseries and schools to increase functionality of outdoor play spaces.

The all weather permanent roof can also provide a unique carport solution. This simple but robust design can cover wide areas with a maximum width of 7000 mm and a maximum panel length of 3500 mm. If you do not have a garage this is the perfect protective and attractive solution for the conscientious vehicle owner.

Available with polycarbonate or glass roof and with the frame available in a wide range of high quality paint finishes including anthracite grey, white, brown and green with additional colours available at a surcharge. The Piazza can also be fitted with roof lights to complement and enhance the look of any domestic or commercial application.

Spacious and Durable

The Piazza Roof spans a maximum width of 7000 mm making it ideal for large spaces or as a covered walkway. Strong and durable aluminium structure, with your choice of glass or polycarbonate roof.

Piazza for the Home

Getting more from the great outdoors.

Whether you want to wander into the garden with your children or open a book on the patio, with the Piazza roof you'll never have to worry about the weather. With our patio roof protection you can plan a family garden party, or a barbecue with friends, without fearing you'll have to cancel at the last minute. Protect items of value from the elements all year round – from bikes to a hot tub, a caravan to your car.

Benefits

- ✓ Shelter from the rain and protection from the sun
- ✓ Easy to clean and maintain
- ✓ Adds value to your home
- ✓ Optional heating and lighting

The Piazza roof is suitable for a wide variety of residential applications, including:

Patio Roof
