RENOVATING OR UPGRADING?

Goodbye old up and over door!

Now Made-To-Measure!

Hello Switch PRO!

SWITCH TO CARTECK!

Many UK garages have an up and over door in a standard size. The CarTeck Switch PRO insulated side hinged garage door is designed as a budget-friendly solution to make replacing these doors simple... **and fast on just a 2-3* week lead time!** Now made-to-measure, the CarTeck Switch PRO has added flexibility, so if the opening isn't quite a standard size, you have an easy solution at no extra cost!

As the name suggests, these doors allow for a switch covered by our made-to-measure door sizes:

Over-frame widths up to 2640mm.
Over-frame heights up to 2356mm.

All styles are available 50:50 split and open-out only, with left or right hand leading leaf.

To make the switch easy for installers, CarTeck Switch PRO garage doors include wind-out lugs - no packers required!

Don't forget to confirm whether or not you've allowed for a fitting tolerance on your ordering sizes. We recommend that sizes are reduced by 20mm on the width and 10mm on the height.

*Depends on delivery location. Please check with our team when ordering.

Made in the UK
No long lead times waiting for doors to be made and shipped from overseas. 2-3 week lead time dependent on location!

BS EN 13241-1
Our doors are independently tested and certified to all current safety legislation and carry a CE/UKCA mark.

New! Side Doors

A matching personnel door is available for Centre Ribbed Horizontal doors:

Over-frame widths up to 1250mm.
Over-frame heights up to 2170mm.

TWO STYLES IN 3 CLASSIC WOODGRAIN COLOURS:

☐ Centre Rib Horizontal Anthracite Grey RAL 7016

☐ Centre Rib Horizontal White RAL 9016

☐ Centre Rib Horizontal Jet Black RAL 9005

EVERY SWITCH PRO GARAGE DOOR HAS:

Flush bolts top and bottom with adjustable keeps.

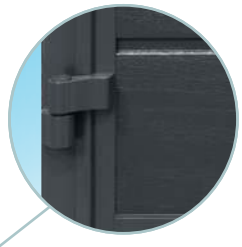

Circumferential weather strip with neat mitred joints.

Robust 40mm thick insulated woodgrain panels.

3 high-quality surface mounted 3D adjustable hinges per leaf.

New! Lipped Threshold

Raised aluminium centre threshold section with bulb weather strip.

☐ **Classic**
Anthracite Grey RAL 7016

Stainless steel handles and security lock cylinder with adjustable latch plate. Supplied with 3 keys.

Inside, doors are finished in grey white (RAL 9002) to the panel surface (stucco texture) and joint-plates (smooth), with the frame and surround matching the colour of the front face of the door in a smooth finish.

☐ Spring stays are **NOT** included as standard but can be added as an option.
(If this option is selected and the door leaf size is below 810mm, a friction stay will be provided).

☐ **Classic**
White RAL 9016

☐ **Classic**
Jet Black RAL 9005

Classic polymer double glazed windows have clear glazing with black mock-lead effect lattice only. Each window is 680mm wide x 370mm high for all door sizes.

GARAGEDOORSONLINE
THE UK'S PREMIER ONLINE GARAGE DOOR SUPPLIER

ORDER DIRECT FROM GARAGEDOORSONLINE.

GarageDoorsOnline is an independent UK specialist supplier of garage doors, with one of the largest ranges of side hinged garage doors available to order online. We supply homeowners, builders and the trade right across the UK.

You can order the CarTeck Switch PRO in our online shop by choosing the overall frame width and height, or send us your sizes and our sales team will check them and quote for you.

Advice

Help with sizes before you order
Send us your opening sizes, or a photo of your existing door, and our team will help you choose the right door and confirm your overall frame size. Please make sure you allow enough fitting tolerance when ordering.

Delivery

Made in the UK, 2 to 3* week lead time
Switch PRO doors are made in the UK and delivered direct to your address, with the lead time depending on your location. Delivery is kerbside, so an adult needs to be on hand to help the driver offload.

Support

Order tracking and warranty help
Once your order is placed, our order tracking and warranties line can update you on delivery and help with any after sales or warranty queries.

WORTH KNOWING

A level floor is essential for the best results, so the lipped threshold sits flat and seals properly.

Door stays are another option to consider, especially relevant on 50:50 split doors. Spring stays can be added when ordering.

Open out only. Check there is clear space in front of the garage for both leaves to swing fully open.

Need it fitted? Ask us about installation in your area, as availability depends on the door and your site.

GARAGEDOORSONLINE
THE UK'S PREMIER ONLINE GARAGE DOOR SUPPLIER

November 2026

CarTeck Switch PRO garage doors supplied by GarageDoorsOnline. Features, options and specifications may change without notice. Images and colours are a guide only and your order confirmation takes precedence over this brochure. Phone lines are closed on UK Bank Holidays.

MORE INSULATED SIDE HINGED DOORS.

The CarTeck Switch PRO is one of several insulated side hinged ranges available from GarageDoorsOnline. If you need a wider door, more colours, glazing or a higher level of insulation, every range below can be ordered from us, with matching pedestrian doors on many models.

GDO Pro 20

20MM INSULATED, 32 COLOURS

Double skin steel doorsets made in the UK and made to measure up to 2750mm wide. Ribbed, solid and glazed designs including Chester, Taynton, Stanton, Bradwell and Ledbury, with a 2.8 W/m^{2}K U-value.

GDO 40mm

FAST DELIVERY, STANDARD SIZES

The Reigate vertical rib and Streatham horizontal rib designs use 40mm insulated panels with a smooth finish. Offered in 16 standard sizes and 3 colours, ideal when the opening is a standard size and time is short.

GDO Pro 51

OUR HIGHEST INSULATED GDO DOOR

51mm insulated panels give the best thermal and acoustic performance in the GDO range. Made to measure up to 2750mm wide in 32 colours, in Medium Rib, Wide Rib and Solid Panel designs.

CarTeck 40mm Luxe

OUR LARGEST SIDE HINGED DOORS

Made to measure up to 3500mm wide, the widest side hinged door we supply. 40mm insulated panels with a 2.20 W/m^{2}K doorset, in 43 finishes and Standard Ribbed, Centre Ribbed, Solid, Georgian and Traditional designs.

Ryterna insulated steel

UNIQUE, EXCLUSIVE DESIGNS

Double skin steel doors, always made to measure, up to 3000mm x 3000mm. Flush Slick, Flush Woodgrain, Midrib and Rib designs, with leaf and frame colours and glazing chosen to suit, plus matching Ryterna entrance doors.

Hörmann NT60

ALUMINIUM FRAMED DOORSETS

60mm deep aluminium leaf and frame profiles with a 42mm PU foamed double skin steel infill. S, M and L ribbed horizontal designs in Woodgrain, Sandgrain, Silkgrain or Decograin, in White or 15 colours.

INSULATED RANGES AT A GLANCE:
