# There's no place like home

What's better than coming home after a long day at work and enjoying family life? You can eat, play board games and watch TV together. To be able to enjoy time with your loved ones, you have to feel safe and at ease in your own four walls.

Hörmann Thermo65 and Thermo46 entrance doors will help you with that. Our high-quality construction components feature excellent thermal insulation values, reliable security equipment, a large selection of styles and an attractive price-performance ratio. You are sure to find a Hörmann door that meets your demands on the following pages.

## GOOD REASONS TO TRY HÖRMANN

“A good reputation must be earned.”

August Hörmann

In keeping with the tradition started by the company's founder, the name Hörmann delivers brand name quality with extensive product expertise. The family business has over 80 years of experience as a construction component specialist and sees itself as your partner from the very beginning of building and renovation projects. It's no surprise that Hörmann is one of Europe's most successful entrance door providers. All this makes Hörmann entrance doors a reassuring purchase.

## 1 Quality products from Germany

The entrance door construction is developed and manufactured by Hörmann. Our highly qualified employees work intensively on new products, continual further developments and improvements to details. The results are patents and unique products on the market. Endurance tests under real conditions ensure **mature series products with Hörmann quality.**

## 2 Entrance doors for generations

We are convinced of our products and our uncompromising quality assurance. This is why Hörmann issues a **5-year guarantee\*** on all Thermo65 / Thermo46 entrance doors.

## 3 An eye on the future

Hörmann is setting a good example. That is why the company obtains **100 % of its required energy from green sources**. Together with an intelligent and certified energy management system, CO<sub>2</sub>-neutral mailing and the recycling of valuable materials, more than **40000 tons of CO<sub>2</sub> are saved each year**. And last but not least, Hörmann also offers products for sustainable construction.

\* The complete warranty conditions can be found at:  
[www.hoermann.com](http://www.hoermann.com)

## GOOD REASONS TO TRY HÖRMANN

## 4 Door leaf without visible leaf profile

Thermo65 and Thermo46 doors make for an exquisite and elegant reception – whether you use them for a main or a side entrance. **The shapely door leaf with its solid interior and exterior and the leaf profile on the inside fulfils the highest design requirements.** The interior view (shown on page 30) harmonises perfectly with your residential internal doors.

## 5 High thermal insulation

With  $U_D$ -values up to approx.  $1.1 \text{ W}/(\text{m}^2 \cdot \text{K})^*$ , Thermo46 entrance doors provide excellent thermal insulation for your home. **Thermo65 entrance doors feature a  $U_D$ -value of up to approx.  $0.87 \text{ W}/(\text{m}^2 \cdot \text{K})^*$  for even better thermal insulation.** As a result, you save energy in the long term while also protecting the environment.

External view of entrance doors from other manufacturers with visible leaf profile

Interior view of entrance doors from other manufacturers with visible leaf profile and glazing beads

## 6 Break-in-resistant locking

For you and your family, being able to rest easy in your own home is important. This is why our **Thermo65 / Thermo46 doors are equipped with multiple-point locking as standard.**

For even more security, many Thermo46 door styles as well as many Thermo65 entrance doors (including with side elements and transom lights) are **optionally available with break-in-resistant RC 2 security equipment.**

Our entrance doors' certified break-in resistance is also recommended by police information centres.

## 7 Safe glazing

**Only from Hörmann**

As standard with 8 mm laminated safety glass on the interior and exterior

When it comes to **industrial safety and burglar protection**, Hörmann entrance doors fulfil the absolute highest demands. The laminated safety glass on the interior and exterior of the triple-pane insulated glazing provides **maximum security**. In case of glass breakage, the glass splinters are also bound to the inside, **virtually eliminating any danger of being injured by the shards**. Furthermore, the laminated safety glass offers better protection against burglars as it makes reaching through more difficult.

## PROGRAMME OVERVIEW

# Steel / aluminium entrance door Thermo65

Thanks to the solid door view from the inside, the high-quality Thermo65 doors perfectly match the timber internal doors of your home. You can enjoy the same door view of doors made of different materials for many years to come.

## Construction

- Solid, 65-mm-thick steel door leaf with leaf profile on the inside and thick rebate for an elegant door appearance
- Leaf profile made of composite material with thermal break for high stability and thermal insulation
- 80-mm aluminium frame with thermal break and 20-mm-high aluminium/plastic threshold rail with thermal break ensures excellent thermal insulation
- Triple sealing offers optimal protection from rain, wind and dirt
- Triple-pane insulated glazing with safety glass on both sides virtually eliminates all risk of injury in the event of breakage
- Optional RC 2 security equipment for extra security\*\*

---

Fulfils all requirements of the energy savings regulation

---

---

Suitable for fitting without thermal bridges

**THERMO65**

## The entrance door that makes you feel welcome

The Thermo65 offers you everything that makes for an excellent entrance door. The solid 65-mm-thick steel door leaf with PU rigid foam infill and the leaf profile on the inside made of composite material as well as the aluminium frame with thermal break keep the cold out. With a  $U_D$ -value up to approx.  $0.87 \text{ W}/(\text{m}^2 \cdot \text{K})$ , Thermo65 doors feature good thermal insulation. As standard, the doors are equipped with a 5-point security lock, allowing you to feel safe and secure in your home. Most Thermo65 styles are optionally available with RC 2 safety equipment to make you feel even more secure in your own four walls.

Choose your favourite of 14 attractive styles and customise it with one of our 17 preferred colours and 5 Decograin decors.

## SECURITY EQUIPMENT

## Reassuring security

### 5-point security lock

You will feel safe at home: 2 conical swing bolts **4** engage with 2 additional security bolts **3** and 1 lock bolt **2** in the frame's lock plate and pull the door tightly shut. The lock plate on Thermo65 doors is adjustable for an optimal door setting. Thanks to the soft-lock latch **1**, the door closes very quietly.

Interior view

### Securing the hinge side

Being able to rest easy in your own home is important, which is why your Thermo46/Thermo65 door is secured additionally on the hinge side, making it practically impossible to force the door open.

#### 5 Thermo46

With 3 security bolts

#### 6 Thermo65

With continuous security strip made of aluminium

#### 7 Perfectly hung with 3-way adjustable guide rollers

Sturdy, two-part 3-way adjustable hinges with safety pins and stainless steel decorative covers guarantee smooth door function.

#### 8 Interior lever

Each door comes with a beautifully shaped stainless steel interior lever as standard.

#### 9 Exterior rose escutcheon

Thermo65 and Thermo46 doors come with a stainless steel exterior rose escutcheon as standard. The security sliding rose escutcheon for Thermo65 doors makes it more difficult to manipulate the locking cylinder, making it ideally equipped in terms of security.

#### 10 Profile cylinder

Delivered with 5 keys as standard. With emergency and hazard function, i.e. the door lock can still be operated when the key is inserted on the inside.

### Frame variants

The 60 mm or 80 mm aluminium frame with thermal break and PU foam infill is available in either a round-style **11** (A 1 / A 3) or rectangular profile **12** (A 2 / A 4), without a surcharge.

## AUTOMATIC LOCKS, GLAZINGS

# Custom equipment

## Automatic lock with mechanical self-locking

(for Thermo65)

When the door falls shut, the bolts automatically extend and securely lock the entrance door.

## Automatic lock with electric motor and opening via BiSecur radio

(for Thermo65)

Open your entrance door easily and conveniently via multiple-point locking using a hand transmitter or radio finger-scan. There's no longer any danger of forgetting your keys. Your entrance door automatically unlocks via an electric motor. You can then push the door open.

**1** Hand transmitter HSE 4 BS black textured surface with black plastic caps

**2** Radio finger-scan FFL 12 BS

## 3 Finger-scan integrated in the door leaf ■ NEW

(for Thermo65)

Open your entrance door with your fingerprint! The finger-scan is elegantly integrated in the door leaf and is available for all steel / aluminium Thermo65 entrance doors equipped with an automatic lock with electric motor.

## 4 Automatic lock with electric motor and opening via Bluetooth

■ NEW

(for Thermo65)

Opening and closing your door via Bluetooth using your smartphone is even more convenient. Lock and unlock your steel / aluminium Thermo65 entrance doors with optional automatic lock via Bluetooth opening using the user-friendly Hörmann BlueSecur app.

## Electric strike (for Thermo65 and Thermo46, not shown)

With the electric strike catch, you can conveniently open your door via a switch inside the house.

## Reed contact (for Thermo65 and Thermo46) and bolt switch contact (for Thermo65, not shown)

For connection to the building technology or alarm system and evaluation that the door is closed (reed contact) or locked (bolt switch contact).

## Door drip (for Thermo65 and Thermo46, not shown)

Attractive protection: The door drip in Traffic white RAL 9016 or in a stainless steel look diverts driving rain and is easy to retrofit.

## Retractable bottom seal (for Thermo65 and Thermo46, not shown)

This optional equipment is the best solution for sealing entrance doors without threshold rail used for barrier-free entrances.

## Glazings for doors

**Thermo65**  
with triple-pane glazing  
Style 700 / 750 / 800 /  
810 / 820 / 850 / 900

**Thermo46**  
with triple-pane glazing  
Style 700 / 750 / 900

These styles offer a nearly flush-fitting view on the inside and outside. The stainless steel glazing frame complements the elegant overall appearance. Insulated glazing is convincing when it comes to saving energy thanks to high thermal insulation values.

**Thermo46 with double-pane glazing**  
Style 020 / 025 / 030 / 040

These doors are equipped with insulated glazing, guaranteeing excellent thermal insulation. A modern, harmonious overall door appearance is created with a round-style plastic glazing frame. With Decograin surfaces, the glazing frame is painted in a colour complementing the surface finish.

**Thermo65**  
with triple-pane glazing  
Style 410 / 430

**Thermo46**  
with double-pane  
Cathedral glazing  
Style 200 / 400

Panelled door styles are a stylish way to present your home with their perfectly matching profile-style plastic glazing frames. When it comes to thermal insulation, insulated glazing gives you everything you could want from a high-quality Hörmann entrance door.

**Thermo65**  
with triple-pane glazing  
Style 600

The black contrast frame gives the surface-mounted glazing an elegant appearance. Insulated glazing also ensures high thermal insulation, as you would expect in a modern entrance door.

## Glazings for side elements and transom lights

Thermo46 doors are supplied with side elements and transom lights with double-pane insulated glazing, Thermo65 doors with triple-pane insulated glazing.

\*\*Not available for Thermo65 styles 100, 410, 430 and Thermo46 styles 100, 200, 400. Glazing frames in matching colours for Thermo46 styles 020, 025, 030, 040.

## COLOURS AND SURFACE FINISHES

## Door leaf and frame in different colours

# Customise your entrance area

For entrance doors Thermo65 and Thermo46, you can order the door leaf and frame in different colours to fit your own individual taste. Combine the standard colour Traffic white RAL 9016, 17 preferred colours or 5 Decograin decors to perfectly match your home and decorating style.

Frame in White aluminium RAL 9006,  
door leaf in Grey aluminium RAL 9007

Frame in Titan Metallic CH 703,  
door leaf in Traffic white RAL 9016

Frame in White aluminium RAL 9006,  
door leaf in Titan Metallic CH 703

Frame in Anthracite grey RAL 7016,  
door leaf in Purple red RAL 3004

## Entrance doors matching internal doors

Design your Thermo65 entrance door in Decograin Golden Oak, Dark Oak or Titan Metallic CH 703 on the inside to match your white internal doors. All door styles are available with rounded frames, as well as the side elements, in the Decograin decors listed, on the inside in Traffic white RAL 9016 – on request with side elements in the same colour combination. This way, you can enjoy your perfectly matching entrance door and internal doors.
