Notes

Calculating unit dimensions

**Required space**

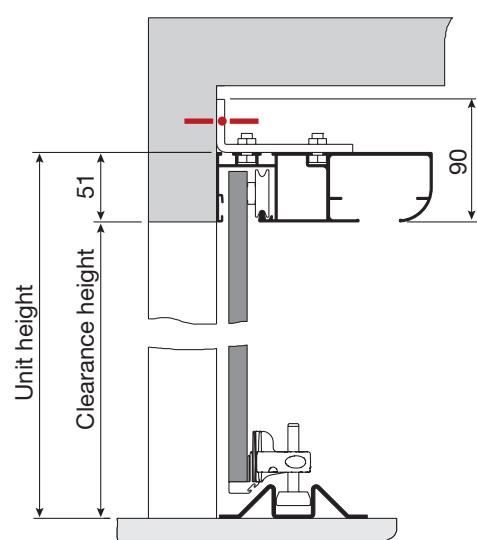

Clearance width	Space required Wall side top
-2,400	3,490
2,401 - 3,000	4,125
3,001 - 4,320	5,410
4,321 - 5,620	6,750

Maximum clearance width	5,620
Maximum unit width	6,100
Maximum unit height	3,000

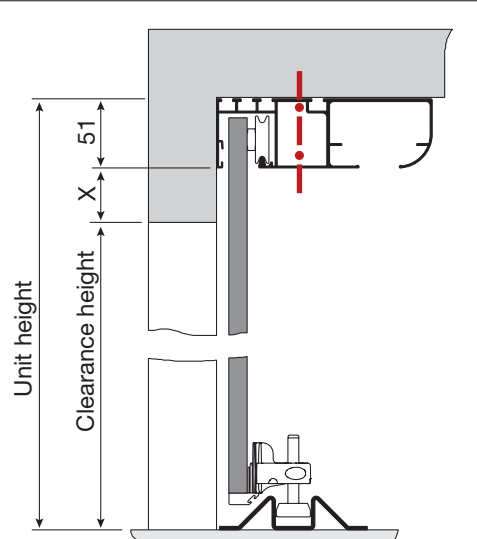

Required space required wall side bottom = clearance width + 330 mm

Aluminium garage lateral running door with opening width of up to 562 cm

**Lintel installation**

**Ceiling installation**

**Ground channel**
