Welcome

Harrowden in white

Chester Horizontal Small Rib with Waterford windows

Vertical with “SmartPass” - In Anthracite Grey
Our doors are all about great products at everyday pricing. Built to last and packed with features that make them a pleasure to use, they are exceptional for their good value and striking good looks.

This brochure showcases an extended range of doors that are sure to make an impact. CE marked and manufactured under our ISO 9001 quality systems, you can be sure of safety, reliability and quality.

Horton - Golden Oak
Stylish Choices

Up and over doors in an array of designs made from steel, timber and composite are complemented with the many styles also available in side hinged opening action. Insulated aluminum and steel roller doors complete the range.

Windows add a further option to personalise a design to your taste, whilst automation is a great addition to open your door at the touch on the remote control.

Our “smartpass” up and over doors have a built in pass door - perfect for those times when you want access to your garage without a separate side door. It opens just like a normal up and over door when you need it and opens just like a side door when you don’t!

Traditional side opening doors are brought right up to date with all round lip seals and secure locking.
Composite is an incredibly strong, dent resistant modern composite laminate with a better strength to weight ratio than steel. The door face is devoid of joints, seams, rivets or fastenings to detract from its good looks.

If you love the look of real timber our cedar range is the perfect choice.

Composite also available in side-hinged

Roller garage doors made with insulated aluminium slats or factory coated steel are an increasingly popular choice. The Roller 77 has powered remote control operation as standard and the Roller Steel has electric option as an option.

Roller also available in side-hinged

Sprint Automation for retractable doors gives a quiet smooth remote opening of your garage door.

Powerful, classy, reliable

All up and over doors are ready for automation.

Powerful, classy, reliable

All up and over doors are ready for automation.

Automation
Steel Up & Over Garage doors are a timeless and reliable choice. Choose a style and colour and you have a strong and secure door that will look good for years to come with the minimum of effort.

**Made to last**

- All doors feature a strong sub-chassis with bracing plates to ensure rigidity of the door panel.
- Up and over doors feature simple but effective cable operated latches that are engaged and disengaged with the locking handle.
- Canopy gear is spring assisted and provides a simple and effective solution for doors up to 8’0” wide.
- Retractable doors run on smooth polymer rollers in suspended tracks and are perfect for remote control operation.
- All our doors are CE marked and comply fully with current safety legislation. Canopy doors feature an anti-drop device in the unlikely event that a lifting cable should fail.

**Lock handles**

- All up and over doors have a black lock handle as standard.
- Security is solid and dependable. The attractive black handle sits easily in the hand and is lockable. Strong steel bracing ensures the door is a barrier to forced entry.

**Retractable lifting gear**

Retractable lifting gear is available as an option on all door sizes up to 9’0” wide and 7’0” high and standard for all doors over this size.

**Single doors up to 9’0” wide and 7’0” high**

- Supplied with canopy lifting gear as standard.

**Canopy doors**

- Feature an anti-drop device in the unlikely event that a lifting cable should fail.
- The inside face of our canopy doors showing the twin point lock latches and the high quality corrosion protected components.
Twelve features give the Harrowden a lovely balanced appearance that is further enhanced with Stockton Cross windows. The Harrowden is also available with Plain and Waterford windows.

The windows are mock glazing, the inside of the door is shown left.

The nine feature panel Georgian design is an evergreen favourite.

Colour Options

Aside from the ever popular white, doors are also available in the classic low gloss solid colours shown.
The Grendon and Horton add a relaxed, cottage feel to contemporary or traditional homes.

"Smartpass"

Vertical with "SmartPass"

The Vertical with a "Smartpass" access door built in - for those times when you just don't need to open the whole door - classic style, intelligent design! Available up to 8'0" wide.

Smartpass in Anthracite Grey

The inner face of the Smartpass door.
Woodgrain effect steel doors provide an attractive alternative to timber and are an excellent match for modern Upvc window finishes, with the same minimal maintenance requirement.
Frames complement the door. Golden Oak frames are finished in Clay Brown (RAL 8003), Rosewood frames are finished in Mahogany Brown (RAL 8016).
The choice of colours for steel doors is extensive and all are factory coated to give a durable, lasting finish.
The natural beauty of timber shines through on our range of up and over doors. Benefiting from the same excellent opening mechanism, locking and strong steel chassis, these doors add a classic touch to any home.

If you are fitting doors side by side, let us know and we’ll craft a pair finished to a similar shade - remember wood is a natural material and no two doors are alike!

**Monarch** (also available in horizontal)

The Monarch, has exceptional durable properties due to an innovative ply treatment.

The Monarch is also a Marine Plywood substitute, with a great environmental story. ‘Plantation Poplar plywood modified to make it as durable as tropical marine plywood’.

The product range is available with either FSC® or PEFC certification.

---

**Open For Infill**

If you’d like to create your own design, we offer an open chassis into which you can fit your own panels up to a maximum weight of 7.5 kilograms per square metre.

---

**Colour Options**

Light Oak  Chestnut  Antique Oak  Mahogany  Ebony  Walnut

Doors are available basecoat treated ready for staining to a shade of your choice or fully finished in the colours left.
During the warranty period we will rectify defects to the product that can be proved to be material or manufacturing faults. At our discretion we will either exchange; repair; or reduce the price. We will not accept any costs for dismantling; installation; or delivery.

The warranty does not cover damage caused by:

- Improper transport and fitting.
- Repairs by non-qualified or non competent individuals.
- External influences such as fire, water, alkaline solutions, acid, bird droppings or abnormal atmospheric pollution.
- The use of non approved parts.

Additional Information:

- It is a fundamental condition of this guarantee that the product has been installed, maintained and serviced correctly and is used solely for the purpose for which it was designed.
- Incorrect installation, maintenance and service will invalidate this warranty.
- The door must be kept in a clean condition and free from impact damage.
